PRODUCTS DOCUMENTS & PORTAL

Where to find information?
TDS, MSDS, SPECIFICATIONS
TDS, MSDS

- TDS and MSDS will be found on the Overview page of all product grades of a product group.
MSDS, different way to find

- On the **PRODUCTS** page you can also use our **Document Search**
MSDS

On the Product Grade page this way could be used
MSDS – Regulatory Documents

Material Safety datasheets as well as Regulatory documents can also be found directly on the chosen Product Grade Version:

• Choose Language and Click on Download Safety Data Sheet
TDS and Sales Specification

• TDS and Standard Sales Specifications are shown on the Product Grade page

• Standard Sales Specifications are **online only available for our Standard Products:**
  – Terluran®
  – Styrolution® PS
PROCESSING INFORMATION
Processing information

- The Processing information shown at the Product Grade pages are also valid for the entire Product Group.
ISO CERTIFICATES
ISO Certificates

ISO Certificates search is found on the Product pages, also on the right.

ISO certificates are also to find at the end of each page.
SIGN IN
INEOS Styrolution Portal - SIGN IN

• You can access Regulatory Documents on INEOS Styrolution products by visiting our homepage (www.ineos-styrolution.com) and signing in with your account.

• Please enter your “Username” and “Password” which you chose during the registration and click again on the button “Sign in”.

• Please click on the button “Sign in”, which you can find in the header.
ACCOUNT SETTINGS
- You can click on your name if you wish to see your account settings.

- You could change your password there and check if you already have access to download Regulatory Documents.

- If you have just created your account, it could happen that the system says “Application in progress” instead of “Yes”. You will receive an email once you are able to download Regulatory Documents.
REGULATORY DOCUMENTS
There are two ways for you to find Regulatory documents on the INEOS Styrolution Portal.

First possibility:
- Please click on “Products” or “Industries” and follow the next slides/steps.
Choose overview or select the grade line directly

<table>
<thead>
<tr>
<th>COMPANY</th>
<th>PRODUCTS</th>
<th>INDUSTRIES</th>
<th>INNOVATION</th>
<th>SUSTAINABILITY</th>
<th>INVESTORS</th>
<th>NEWS &amp; MEDIA</th>
<th>CAREERS</th>
<th>ESHOP</th>
</tr>
</thead>
<tbody>
<tr>
<td>OVERVIEW</td>
<td>STYRENE MONOMER</td>
<td>Ethylbenzene (EB)</td>
<td>Polyethylbenzene (PEB)</td>
<td>STYROLUTION® PS</td>
<td>GPPS (PS)</td>
<td>HIPS (PS)</td>
<td>ABS STANDARD</td>
<td>TRANSPARENT SPECIALTIES</td>
</tr>
<tr>
<td></td>
<td>Luran® (SAN)</td>
<td>Luran® High Heat (AMSAN)</td>
<td>NAS® (SMMA)</td>
<td>Terlux® (MABS)</td>
<td>Zylar® (MBS)</td>
<td>Styrolux® (SBC)</td>
<td>Styroflex® (SBC)</td>
<td>Novodur® (ABS)</td>
</tr>
</tbody>
</table>
• Please select “Choose Region” and the required Product Line
Please scroll down and click on the product of your interest and the grade version to access the corresponding regulatory documents.

Then click on the Grade name or + to access the Regulatory Documents.
INEOS Styrolution Portal - REGULATORY DOCUMENTS - 1st option

- REACh Compliance Declarations, SVHC Declarations and other Regulatory Documents e.g. Absence Declarations, Food Contact Certificates (including FDA Status), Material Safety Data Sheets (MSDS) are associated with a Product Group.
- To download the requested document please click on its name. To download a MSDS please select your preferred language first and click on „Download Safety Data Sheet“.

Please be informed that you need to sign in in order to download the documents (except for MSDSs which are available on open access without logging in). Otherwise the following message will appear.

[Diagram showing the process of signing in to download documents]
Second possibility:
- You can also use the “Document Search”
After filling in the required fields (see below example for Novodur) the number of various documents available for the product appears below.

1. **Choose Region**
   - Europe, Middle East and Africa
   - Americas
   - Asia-Pacific

2. **Choose Product Group**
   - Novodur® High Heat (ABS)

3. **Choose Product Grade**
   - Novodur Ultra 4105

4. **Choose Grade Version**
   - Novodur Ultra 4105 BG100148

Search Results:
- Technical Data Sheet and Standard Sales Specification
- Safety Data Sheet
- REACH and other Regulatory Documents
